Information

- **FREE CONSULTATION**

A relaxed, no-obligation meeting over a drink or a video-call. In a friendly conversation, we'll guide you on how to organize your wedding day schedule in a way that helps you get the best photos at the best value. You'll also see a sample photo book. After that, we'll be available via Viber, WhatsApp, email, or phone for any further questions.

- **ARTISTIC WEDDING PHOTOGRAPHY**

You will receive aesthetic, documentary-style coverage of all the events (up to 8 hours), plus creative portraits during a one-hour photo session on your wedding day. We've won numerous prestigious awards for top-level documentary and wedding photography – including first-place awards in contests among the best professional wedding photographers in Bulgaria. We've also been recognized internationally by renowned organizations such as WPJA, ISPWP, and Fearless Photographers).

- **SECOND PHOTOGRAPHER**

Having a second photographer significantly enriches your visual story and adds a cinematic feel. While one photographer covers the "must-have" moments, the second is free to get more creative and capture unique perspectives. For example, while one captures the couple at the ceremony, the second focuses on guest reactions and behind-the-scenes moments. They can also be in different locations simultaneously – one with the bride, the other with the groom during the preparations.

- **ONLINE GALLERY & FLASH DRIVE**

Within 70-85 business days, your photos will be ready in an online gallery with a download link. Some packages include a beautifully crafted wooden box with a USB flash drive. We deliver the photos in two sizes:

Web-ready (with a small watermark) for social media

High-resolution (5000px, no watermark) for printing
You will also receive a hand-picked selection of the most memorable images.

- **EXPRESS SELECTION**

If you choose the express selection add-on, you'll receive around 70 of the most memorable photos within 7 business days after the last shooting day. These images will undergo more in-depth editing and retouching where needed. You'll have stunning, artistic images to share right after the wedding – while the rest of the gallery is being perfected.

- **SHORT MOVIE**

A 2-3 minute highlight film capturing the most emotional and important moments of the day – the love, the energy, and the atmosphere in motion. If you're looking for a cinematic trailer-style video, we can create one with passion, teamwork, and a storytelling approach. To include this short film with your photography package, we need to work as a two-person team in order to capture everything effectively.

- **PHOTO SESSION ON A SEPARATE DAY**

This gives us the freedom to bring more creative concepts to life. We can travel to a unique or more distant location. The wedding day often has a tight schedule, leaving little time for a relaxed shoot. On a separate day, we can take our time, enjoy the process, and use the most beautiful natural light around sunrise or sunset.

- Pre-wedding session - You can use the photos for invitations, guestbooks, or gifts, and it's a great way to get to know our working style so you feel more confident on the wedding day. You can also use your trial makeup and hairstyle for the session.

- Post-wedding session - This allows us to go bold! You don't have to worry about the dress – we can explore nature, walk through tall grass, or even jump into the sea. This is the essence of the "Trash the Dress" genre.

- **WEDDING PHOTO BOOK**

You'll receive a beautiful, high-quality photo book with thick, hard pages and minimalist design – available in 30×30 cm formats, with 30 pages. The layout allows for stunning panoramic spreads 60×30 cm across two pages. You also have the option to add more pages and smaller albums (15×15 cm) for gifts.

- **DRONE COVERAGE ON THE WEDDING DAY**

Drone footage offers a fresh, cinematic perspective and adds a unique visual layer to your story. We can showcase your wedding location from above – perfect for scenic venues – capture the outdoor ceremony from a bird's-eye view, and include a few breathtaking shots in your photo session.

Collection "Weekend"

Some events are truly inspiring - and we want to fully dedicate our self to them. We asked ourselves how to give the time and attention needed to capture them in the best possible way. Especially for a laid-back, bohemian style. That's how our 'Weekend' collection was born. Two or three days where we're fully immersed, capturing every emotion, every moment, and the unique atmosphere — everything worth remembering for a lifetime.

*You can optionally add the 'short video' service to this collection.

Contract

1. RESERVATION AND PAYMENT

The reservation of a date is made after paying a €300. deposit to secure the date. Deposit will be deducted from the total price. The deposit serves to reserve a specific date and is non-refundable in case of cancellation or change of the date, except in cases of force majeure. If two or more inquiries are received for the same date, the commitment is made to the client who first paid the deposit, regardless of the order of the inquiries. The final payment should be made on the wedding day. In case the event cannot be held due to a force majeure circumstance, the service provider issues a voucher for the amount of the paid deposit, which the client can use to reserve another available date or for a photo session.

2. YOU RECEIVE

- ✓ Gallery and download link.
- ✓ Flash drive in a beautiful wooden box (for some collections)
- ✓ 500+ (for photographer) selected photos (with a session on a separate day 550+) in jpg format, converted from RAW format) in two sizes – reduced for the web (with a small watermark) and large for printing (without watermark in 4000px resolution).
- ✓ A selection of approximately 100 edited shots from the most interesting moments.
- * Photo books and additional flash sets may be subject to further agreement.
- * We store your photos for 6 months after delivery.

3. METHOD OF RECEIVING

- * If you have an "express selection," you will receive a selection of 70-100 images from the most interesting moments of the wedding and sessions within 6 working days after the last shooting day.
- ✓ All remaining images will be ready for delivery within 70 working days from the final payment date (starting from the wedding day). (For events photographed after July, due to a high volume of projects and to maintain processing quality, delivery may take up to 85 working days.)
- * Exceptions to the deadlines apply when third parties (publishers, suppliers, postal and courier services, etc.) are used for the production, delivery, and maintenance of the materials, and any delays or lack of service are their responsibility.

4. PHOTO BOOK

- ✓ The photo book will be ready for shipment 15 working days after you approve the print project.
- ✓ If you order a photo book separately from a package, payment must be made before the project is created.

5. OVERTIME

If the hours exceed those included in the selected package, each additional hour will cost 150 eur. (if using one photographer – 100 eur)

6. TRANSPORT AND OTHER EXPENSES

When intercity transport costs for the photographer are required, we offer a price of 0.25euro per kilometer. Accommodation costs for the photographer team are paid separately. We usually make the reservation and add it to the price. The accommodation cost depends on the location.

- ✓ For bookings of 8 hours or more, we ask you to provide food for the photographers team (we are pescatarians :)) or allow us an hour to arrange for food.
- ✓ Any additional transport, accommodation, parking, courier, or other costs incurred during the photoshoot and delivery of the photos will be covered by the client.

7. ABROAD BULGARIA

For photography engagements outside Bulgaria or in locations more than 4 hours traveling from Sofia, we can only offer the "Weekend" package, or „Collection-1"

8. LOCATIONS AND SHOOTING TIME

Clients are responsible for choosing and securing the shooting locations and their access, as well as providing at least one hour of shooting time for the photo session (in suitable lighting conditions). This is necessary to ensure the level of photography that you see in our portfolio.

9. OUR STYLE

Please, before deciding that we are your photographers, take a look at our photos. We have a specific style that focuses on a more artistic representation of the surrounding world. We aim for a look that is brighter, warmer, and more pastel, rather than contrasty, sometimes we add extra grain for a more cinematic or light "vintage" effect. This is how we feel we should convey the positive emotions of the wedding day. We love natural looks and stolen moments and emotions, not artificially posed ones. Please, once again, review our portfolio (because what you will receive will be in the same style) and contact us if you like our specific approach, not just because someone told you or you read somewhere that we are very good – that is subjective, especially in art.

10. COPYRIGHTS

Gogo Kehayov reserves the right to use photo and video materials for advertising purposes. If the client requests that Gogo Kehayov waives the copyright, Gogo Kehayov has the right to refuse the commitment or receive compensation equal to 50% of the photography price.

11. THANK YOU

Thank you for considering entrusting us with the photography of your very special day
